

ULIN-DCH-02TR1

Technical Datasheet

Features

- LED status indicator
- CC / CV charging mode
- Short Circuit Protection
- Automobile Charging (24 / 48 V)

Application

- Charger for Battery ULIN201H02R1

Technical Specifications	
Part No.	ULIN-DCH-02TR1
DC Input	18-75 VDC
DC Output	8.4 VDC x 2 channel
Charge Rate	1.35 A per channel
Battery Types	Li-Ion
User Interface	LED Amber ON: Power ON LED Yellow ON: Charging LED Green ON: Charging complete LED Red ON: Error
Reset Button	Resets charging sequence (Red button)
Color	Black
Finish	Aluminium / DELRIN
Size	150mm x 102mm x 80mm
Weight	550g (approx.)
Operating Temperature	0°C to 45°C
Storage Temperature	-20°C to 60°C
Accessories Included	Power Supply: 65 watts Input Voltage Range: 89 - 270VAC, 50-60Hz Output Voltage: 20 VDC , 3.25 Amps Input Connector: IND 3PIN TYPE D
